

PMJ21 Pneumatic Eyelet Machine

This compact high performance machine takes the strain out of inserting eyelets.

Totally air operated . Will in one single action punch out a hole in your material whilst simultaneously setting the eyelet or grommet.

- **Grommet Eyelets**
- **Sail Eyelets**
- **General Eyelets**
- **Plastic Eyelets**

- Does not require any electrical connection
- Extremely simple to operate.
- Sets sizes up to 14mm hole diameter
- Sets eyelets in a wide variety of materials including vinyl, plastic, canvas, cloth and leather
- Back stop for accurate placement of work.
- Foot operated pedal leaves both hands free.
- Finger guard protection mechanism prevents operation when dies are obstructed.
- Available with its own bench if required,
- Can mounted on castors for moving around the floor/ table when working with very large pieces of material.
- Small enough to be operated from behind
- We can even supply an appropriate compressor if required.

Mobile version for moving around the work area
